RESEARCH INTERESTS

	<u>Methodology</u>	<u>Application</u>
Optimization	Data analytics	Agriculture and food systems
Network science	Geographic information science	Transportation infrastructure

My research addresses the 21st century challenges against cyber-physical-social systems. I am particularly interested in *enhancing the multi-dimensional resilience and sustainability of agri-food systems and their supporting critical infrastructure*. Please see my [Google Scholar](#) for more details.

EDUCATION

Aug 2019 – Aug 2024	Ph.D., Civil and Environmental Engineering Sustainable and Resilient Infrastructure Systems University of Illinois Urbana-Champaign, USA
Aug 2017 – May 2019	M.S., Industrial and Systems Engineering University of Oklahoma, USA
Aug 2017 – May 2019	Grad.Cert., Geographic Information Science University of Oklahoma, USA
Sept 2012 – July 2016	B.S., Industrial Engineering Bilkent University, TURKEY

PROFESSIONAL EXPERIENCE

Aug 2024 – Present	Assistant Professor , Arizona State University School of Computing and Augmented Intelligence
Aug 2019 – Aug 2024	Graduate Research Assistant , University of Illinois Urbana-Champaign
Aug 2017 – May 2019	Graduate Research Assistant , University of Oklahoma Graduate Teaching Assistant , University of Oklahoma

AWARDS and HONORS

Nature Food Cover – Volume 4 Issue 7, July 2023

Structural chokepoints determine the resilience of agri-food supply chains in the United States

Dissertation Completion Fellowship – University of Illinois Urbana-Champaign Graduate College, 2023-2024

The only awarded senior Ph.D. candidate from the Department of Civil and Environmental Engineering

CEE Rising Stars – Massachusetts Institute of Technology, 2023

ACDIS Summer Fellowship – University of Illinois Urbana-Champaign College of Liberal Arts & Sciences, 2023

Best Thesis Award - University of Oklahoma School of Industrial and Systems Engineering, 2019

The only awarded senior M.S. student from the School of Industrial and Systems Engineering

14th Industrial Engineering Senior Design Project Contest and Fair Winner - Bilkent University, 2016

ACADEMIC SERVICES

Leadership Services

- Session Chair, INFORMS Annual Meeting 2023 – 2024 – 2025
- Session Convener, AGU Fall Meeting 2023 – 2024 – 2025

Outreach Services

- Data production and preparation, “Food flows between U.S. counties in 2007, 2012, and 2017”, foodflows.org
- K-12 instructor, “Resilient food supply chains”, CEE Summer Camp 2023, wyse.engineering.illinois.edu
- Blog post preparation, “Mapping Food Flow Networks and the Food Supply Chain”, farmdocdaily.illinois.edu

Peer-review Services

- **Journals:** Food Security (2025), IEEE Transactions on Automation Science and Engineering (2025), Sustainable Cities and Society (2025), Environmental Research: Food Systems (2025), Nature Communications (2025), Physica Scripta (2024), Frontiers in Sustainable Food Systems (2024), IEEE Transaction on Network Science and Engineering (2024), Earth's Future (2023 - 2025), Journal of Industrial Ecology (2023), Nature Food (2022 - 2025), Nature Scientific Reports (2022), Food Policy (2022), Water Resources Research (2021), Economic System Research (2020), PLoS ONE (2020)
- **Proposals:** USDA Food and Agricultural Sciences National Needs Graduate and Postgraduate Fellowship Grants Program (2024), NSF Division of Social and Economic Sciences Decision, Risk, and Management Sciences

Program (2025).

- **Conferences:** INFORMS Annual Meeting Poster Session (2025).

SELECTED PRESENTATIONS

Conference Talks

10. Spatio-temporal food consumption trends: Implications for food security and sustainability in the U.S., The Institute for Operations Research and the Management Sciences, **INFORMS Annual Meeting 2025**.
9. Mapping agri-food distribution onto real-world transportation infrastructure in the U.S., The Institute for Operations Research and the Management Sciences, **INFORMS Annual Meeting 2024**.
8. Optimization of national grain imports to balance risk vs. return: A portfolio theory approach, The Institute for Operations Research and the Management Sciences, **INFORMS Annual Meeting 2023**.
7. Carbon footprint of cold-chain food flows between counties in the United States, Production and Operations Management Society, **POMS Annual Conference 2023**.
6. Food flows between U.S. counties through time, The American Geophysical Union, **AGU Fall Meeting 2021**.
5. Resilience and efficiency in food trade networks, The American Geophysical Union, **AGU Fall Meeting 2020**.
4. Community-resilience driven trade-off analysis between the pre- and post-event investments for interdependent infrastructure networks, Institute of Industrial and Systems Engineers, **IISE Annual Conference & Expo 2019**.
3. A social-vulnerability driven component importance measure for interdependent infrastructure networks, The Institute for Operations Research and the Management Sciences, **INFORMS Annual Meeting 2018**.
2. Interdependent Infrastructure Network Restoration Problem from Multiple Community-Resilience Approaches, Institute of Industrial and Systems Engineers, **IISE Annual Conference & Expo 2018**.
1. Hot Sales Delivery System Logistics Optimization and Cost Analysis, The Institute for Operations Research and the Management Sciences, **INFORMS Annual Meeting 2016**.

Invited Talks

6. Unraveling spatio-temporal food supply chain patterns. School of Sustainability Seminar Series, 2025, **Arizona State University**.
5. Unraveling spatio-temporal food supply chain patterns to enhance resilience, sustainability, and equity. School of Agribusiness Seminar Series, 2025, **Arizona State University**.
4. Resilient, sustainable, and equitable agri-food systems across spatial scales. Hydro-systems Seminar Series, 2025, **Arizona State University**.
3. Community resilience perspective on interdependent infrastructure network restoration planning and component importance analysis. Disaster Resilience Analytics Center Seminar Series, 2022, **Wichita State University**.
2. Food supply chain bottlenecks. 2022, **The MITRE Corporation**.
1. Network analysis of food supply chains. Sustainability & Resistant Infrastructure Systems Seminar Series, 2021, **University of Illinois Urbana-Champaign**.
